

"The most important element of any education is not learning facts or skills but learning what to love. What we love, we inherit. What we fail to love, we lose." – Rabbi Jonathan Sacks

SHARING A VISION FOR THE FUTURE

- A wholesome & inclusive school community
- Embracing families from all Jewish backgrounds
- A 60-year tradition of excellence

THE HHA DIFFERENCE

- Development of the Whole Child
- Lifelong Learning & Interpersonal Excellence
- Jewish Pride & Passion for Jewish Living
- Empowering students with STEM skills for a rapidly changing world
- Commitment to Community & the State of Israel

OUR DATA-DRIVEN INSTRUCTION MODEL

The HHA fosters a warm, nurturing learning environment committed to transparency and collaboration.

- We embrace a Data-Driven Instruction model, administering a range of standardized tests throughout the year that track individual student learning abilities.
- By continuously evaluating individual student performance and comparing it with grade-level expectations, we can make informed, collaborative decisions that positively impact student outcomes.

ACADIENCE Reading Assessment

- Benchmarks in reading fluency, phonological awareness, and reading comprehension
- Administered to SK- Grade 2 students three times a year
- Annual screener for Grades 3-8

XL Mathematics Assessment

- A comprehensive math assessment based on the Ontario curriculum (K-8)
- Pinpoints grade-level proficiency in key math strands.
- Provides recommendations for personalized, differentiated instruction.
- Administered K-8 (annually)

STUDENT SUCCESS TEAM

At the HHA, we are privileged to have exceptional educators supported by our dedicated Student Success Team. The SST includes well-trained specialists in the fields of learning enrichment and remediation to ensure that all of our students succeed academically and reach their full potential. Emphasis is placed on collaboration and student centred implementation

OUTDOOR EDUCATION

At the HHA, learning comes alive in our immersive, nature-based program for JK and SK. Children explore with all their senses, while developing confidence, cooperation, and self-regulation. Guided by curiosity and supported by caring educators, they step beyond their comfort zones, take healthy risks, and find peace in the beauty of the natural world. At the heart of it all is a deep appreciation for nature that inspires a lifelong love of learning.

SOCIAL EMOTIONAL

Some of our schoolwide approaches contribute to our healthy pro-social atmosphere at the HHA.

- **Zones of Regulation:**
Developing awareness and self-regulation abilities.
- **CPS (Collaborative & Proactive Solutions):**
A model of intervention that engages students in solutions to solve the problems they face
- **Ophelia:** Building Citizenship by learning about relational aggression, self-esteem and bullying.
- **HHA Friendship Club**

STEM at the HHA

At the HHA, our goal is to empower students for a changing world by integrating computational thinking, engineering principles, and digital literacy. By cultivating a forward-thinking mindset, we prepare our students to be tomorrow's problem-solvers and innovators. Our newly established STEM Centre will offer state-of-the-art resources in coding, robotics, and scientific innovation.

Students will have access to advanced technology and hands-on learning opportunities, such as a **3D printer for prototyping, robotic arms for automation studies, and upgraded tools for interactive scientific exploration**, ensuring they are well-equipped for a dynamic and rapidly evolving future. Additionally, the HHA is expanding the reach of our Lego Robotics League to engage students from an early age. This initiative will provide students with progressive, age-appropriate robotics challenges that enhance their skills in coding, design thinking, and engineering.

KINDERGARTEN YEARS

Unlocking the wonders of learning, our Kindergarten children are immersed in a world of dynamic and engaging experiences. Our dedicated educators provide a safe and nurturing environment where every child's physical, social, emotional, and cognitive development is nurtured.

A typical day in our kindergarten is a whirlwind of captivating activities carefully designed to stimulate curiosity, ignite creativity, and foster holistic growth.

- Our program fosters a passion for lifelong learning aligned with Ontario Curriculum guidelines.
- Hebrew language is integrated into the rhythms of Jewish life and learning in an atmosphere of art, song and celebration.
- Numeracy-focused activities provide hands-on experiences that build a solid understanding of mathematical concepts. From counting and patterns to basic operations and problem-solving, children develop critical thinking skills while having fun with numbers.
- Our literacy program enables children to express themselves confidently, build vocabulary, and develop essential language skills that set them up for success in all areas of life.

Join us on this exciting journey of growth and discovery, where every day is an opportunity to learn, explore, and shine!

Israel Education

Rooted in Israel, Growing with Pride

In our rapidly changing world, our Israel curriculum fosters a deep love for the land and its people, while instilling lasting Jewish pride. Students explore Israel's history, geography, and pivotal events leading to the State's founding, along with its government, vibrant multicultural society, and groundbreaking innovations.

Hebrew Language

Our Hebrew Curriculum combines a natural, immersive approach with authentic, engaging lessons supported by modern technology. Students learn through video, audio, and reading materials that bring Israeli culture, society, and daily life to life.

Utilizing Ulpan Or, an internationally acclaimed Rapid Language Acquisition (RLA) method, learners of all levels are empowered to quickly and confidently speak, understand, read, and write Modern Hebrew.

HHA Daycare

A Loving Start for a Lifetime of Learning

Our warm, nurturing environment inspires children to explore, discover, and grow. With music, art, dance, and a vibrant emphasis on Jewish life, we help each child thrive in their own unique way. Play-based learning with structured skill-building to support cognitive, social-emotional, and physical growth. Children gain early literacy, numeracy, and social skills in a secure, loving atmosphere that celebrates curiosity and creativity.

- Provincially certified programme.
- Caring, nurturing, and professional educators.
- Beautiful campus with toddler park, play structures, athletic centre, and library.
- Full-year programs for infants, toddlers, nursery, and kindergarten
- Open Monday to Friday, 8:00 am to 5:30 pm.
